

**Masterpiece Family Protection – Added protection when it matters most**

Home invasion. Child abduction. Car jacking. Stalking threats. These crimes punctuate nightly newscasts and highlight the pages of newspapers, magazines and even Web sites. This happens every day to other people, but it's hard to accept that these things could happen to you. Unfortunately, the truth is that nearly 1.3 million cases of forcible and/or unlawful entry of residences occurred in 2001. <sup>(1)</sup> Each year 3,200 – 4,600 children are victims of stranger/non-family abductions. <sup>(2)</sup> The most recent data indicate that nearly 50,000 carjackings occur annually, <sup>(3)</sup> and roughly 1.4 million people in the United States are stalked each year. <sup>(4)</sup>

With the introduction of **Masterpiece Family Protection**, Chubb can help. This is a new product developed to help cover certain costs if an insured or an insured's loved one is a victim of Home invasion, Child abduction, Car jacking or a Stalking threat crime almost anywhere in the world. Associated Accidental Death and Dismemberment coverage also applies in many states with covered car jacking, child abduction or home invasion losses. Chubb is currently the only insurer to offer a family protection coverage option.

**Masterpiece Family Protection** is provided anywhere in the world except those places listed on the United States State Department Bureau of Consular Affairs Travel Warnings List at the time of loss.

**Masterpiece Family Protection** is offered in approved states as a new policy or as an endorsement to a Masterpiece homeowners policy for all new and existing Chubb customers, subject to underwriting.

**Masterpiece Family Protection** is not offered with a single limit of coverage, but provides a collection of expense coverage limits: medical, psychiatric, salary, rewards, travel, security... The annual cost is approximately \$110.
